

SACK the ECONOMISTS

AND DISBAND
THEIR
DEPARTMENTS

"This book raises many interesting questions, most importantly, why does anyone take economists seriously when it comes to discussing the economy?"

-Dean Baker, Co-Director, Center for Economic and Policy Research, Washington D.C

Geoff Davies

Book Launch

Sack the Economists and disband their departments

by Geoff Davies

*The disastrous flaws in mainstream economics,
and how economies can serve our total wellbeing*

The book will be launched by

Professor Steve Keen

Author of *Debunking Economics* and winner of the **Revere Award** for his clear warnings of the approaching Global Financial Crisis

Dr. Geoff Davies has had an internationally distinguished scientific career in geophysics at ANU, authoring two books and over 100 papers. He has been exploring economics for over fifteen years, and has previously published *Economia: new economic systems to empower people and support the living world*.
